

Project Name: George Barkers Maintenance Contract

Client: Epta Group

Value: Various

Date: Nov 2016 to Present

Epta are one of the worlds largest Fridge manufacuruers. Hinko has built a lasting realtionship with the teams there, providing advice and numerous constriution services to the various departments witihn the organisation.

These services vary from CDM mangment, to jointery works, concrtre / brickwork repairs, lift pit construction and infill.

The vast majority of the works are minor works however he Epta teams hav e the confridence that not only do Hinko provide value for money but have the correct safety ethos.

The vast majority of the works are undertaken out of hours to ensure that manufacturing is not disrupted.

This leads to the requirement of detailed planning and liaison between departments to ensure that nobody is impacted by the works we undertake.

Hinko's experience as a principal contractor applied to these small works has given the EPTA team a certain expectation and standard they expect from all their contractors.

On numerous occasions the Hinko team has been asked to act as Principal Contractor to manage CDM on EPTA's behalf. Hinko's SMSTS site mangers are more than capable of doing this has ensure that EPTA's works are delivered safely to programme and on budget.
